GRANTED CASE STUDY

BV DAIRY

£400,000 GRANT RECEIVED FROM RDPE

NEW OPPORTUNITIES

BV Dairy employs an excess of 120 people and has its own chilled distribution fleet supplying an extensive range of fresh products from their factory to premium food manufacturing locations.

These products are destined to be found in all the major multiples, food service sector and some of the UK's finest pub and restaurant meals. BV Dairy has put an emphasis on technology and automation to drive the business forward and to bring new products to market.

THE CHALLENGE

BV Dairies had identified a significant project – installation of automated production capabilities to expand and develop operating capacity whilst reducing process waste and increasing yield percentage, commencing with installation of new production buildings, intake bays and smart mixing technology. This technology is expensive and, if 100% self-funded, would mean delays in other projects and recruitment.

GRANTED'S APPROACH

Granted approached this project by:

1. Gaining a deep understanding of the clients plans to manage expectations for both parties
2. Researching the available funding for the proposed project to maximise the likelihood for success
3. Preparing a comprehensive Grant Portfolio to enable clients to consider all options available
4. Developing and submitting unique grant applications

“This (Dairy Farming) is a competitive sector and modernisation is the only way to consistently grow a business operation sustainably – but this kind of technology is expensive. Grant funding can help off-set the significant capital outlay. BV Dairy secured £400,000 which has made a big contribution to the total investment.”

Jon Williams

Director at Granted Consultancy

CONCLUSION

BV Dairies were successful in securing £400,000 of grant funding from RDPE (Rural Development Programme for England). This will enable them to increase productivity and keep up with high demand for their products.

OUR SUCCESS

We have never failed to secure more money in grants, than we have charged in fees when working with an organisation on a defined multi-grant funding plan.

DEMONSTRABLE SUCCESS

Demonstrable success
in securing funding
(>£20m in 5 years).

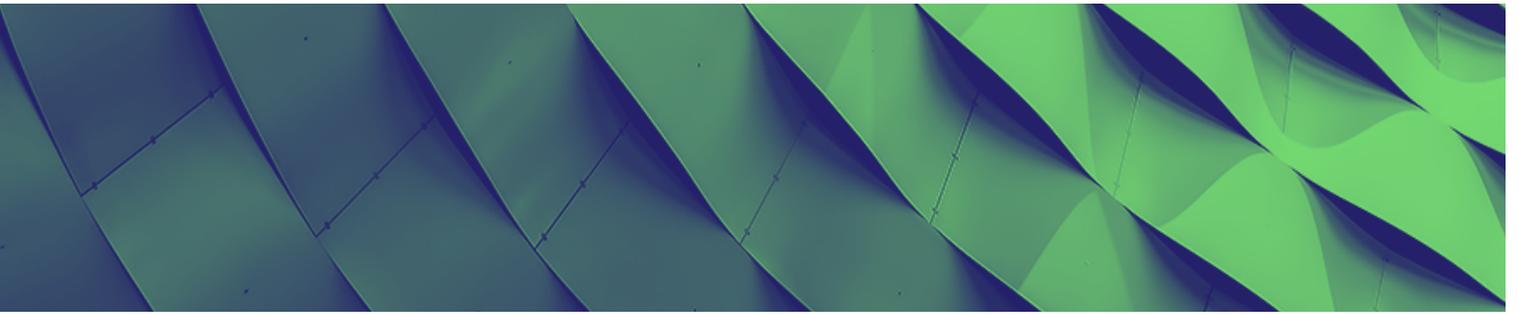

DEEP KNOWLEDGE

Deep knowledge of
funding options, process
and compliance.

EXCELLENT AVERAGE ROI

Excellent average ROI
on fees paid for grant
management (over 650%)
